

MICRO-PROJECT REPORT

“Hostel Management System”

Under the subject

“Advanced Java Programming [22517]”

Submitted by

Sr No.	Roll No.	Student name
1]	2243	Patil Vaishnavi Ashok
2]	2245	Mujawar Sayama Dilawar

Under guidance of

Mr. Emekar S.P.

Department of Computer Engineering

Government Polytechnic, Karad

CERTIFICATE

This is to certify that the project work titled

“Hostel Management System”

Done by

PATIL VAISHNAVI A.

MUJAWAR SAYAMA D.

of V semester Computer Engineering in the year 2020-21 in partial fulfilment of the project titled as **“Hostel Management System”** for subject **Advanced Java**

Programming under the guidance of

Mr. S.P.Emekar and

submitted it to the **Department of Computer Engineering** at

Government Polytechnic , Karad.

Mrs. S. B. Patil

(Head of the Department)

Mr. S.P.Emekar

(Project Guide)

Acknowledgement

We take an opportunity to thank all those who have directly and indirectly inspired, directed and assisted us towards successful completion of this project report.

We express our sincere thanks to the Principal, **Dr. Patil R. K. & the Head of Department Prof. S.B. Patil and project guide Mr. S.P.Emekar** for having us allowed to submit this report as part of our academics learning.

We express our sincere thanks to Lecturer in Government Polytechnic Karad for encouragement throughout the project report and guideline in designing & working out this project.

We express our sense of gratitude towards our friend and parents for their constant moral support during project report.

Place: Government Polytechnic, Karad

Date: / /2021

Yours Sincerely,

2243 Miss.Patil Vaishnavi A.

2245- Miss.Mujawar Sayama D.

Micro-Project Report

“Hostel Management System”

1.0 Rationale:-

Hostel Management system is a Customized and user-friendly software for Hostel. Which Provides hostel information. It helps admin to manage-Student Record.

This system is designed for hostel management which helps them to save the records of the students about their rooms and other things. It helps them from manual work from which it is very difficult to find the record of the student .

In this project we implement this system. We include four languages like Java and Advance Java for that user need to login to the system.

2.0 Aims/Benefits of the Micro-Project:-

- 1] We understood the basic concepts of Hostel Management System.
- 2] We are able to reduce the efforts and save the time

3.0 Course Outcomes Achieved:-

- 1] We are able to develop program using GUI framework.
- 2] Also we can handle Events of AWT and Swing component.
- 3] We also develop program using database.
- 4] We are able to develop program to handle events in java programming

4.0 Literature Review:-

1] <https://www.swiggy.com/food/delivery>

2] <https://www.food-ordering.com>

5.0 Actual Methodology Followed:-.

Code:

➤ Login Page

```

6.0 Resources Required:-

Sr.No	Name of Resource /material	Specification	Qty.	Remarks
1]	Laptop/PC	Intel (R) Core(TM) i36006 UCPU @2.00GHz 2.00GB RAM	1	
2]	Software	JDK 1.8.0,Eclipse,Notepad	1	
3]	Printer	Brother DCP-J100 printer	1	

7.0 Output of the Micro-Project:-

- **Login Page:**

- **Information Page:**

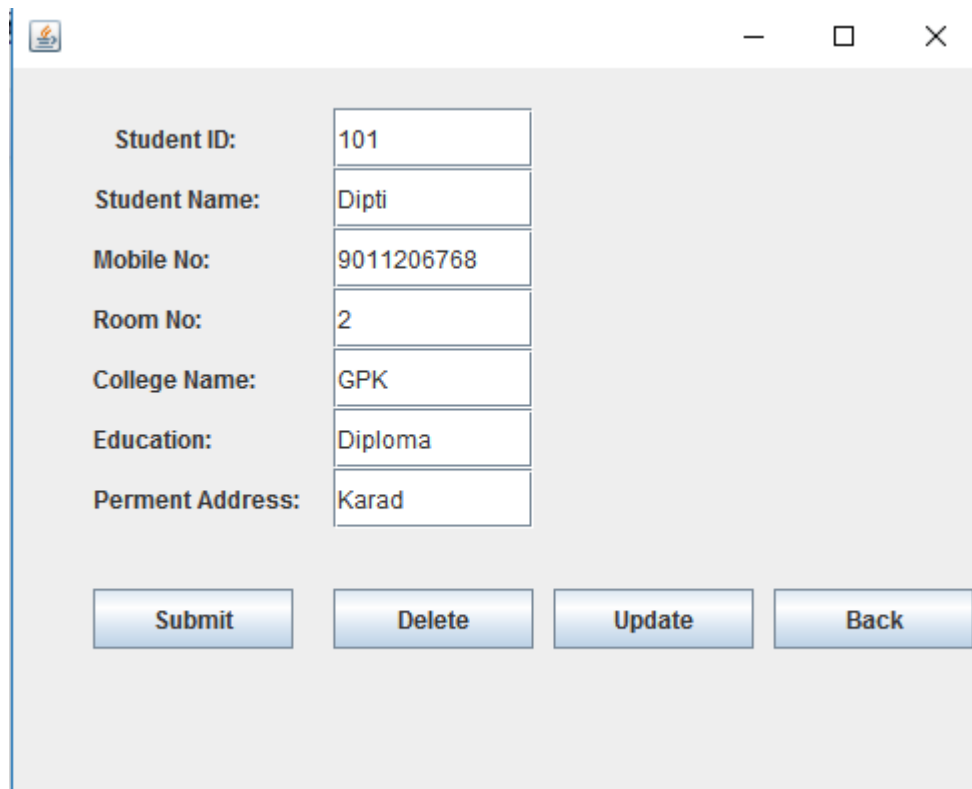

- **Hostel Details:**

JTable Example

Avalibility	Information
Hostel Name	Perfect Living Space
Address	VidhyaNager Karad
Hostel Guardian	Mrs.Shraddha Kajale
Mobile No	9011204678
Email ID	Shraddhakajale@gmail.com
Source of Water	24 hours
Avalibility of Rooms	85 Rooms Available
Mess is Available	YES
FingerPrint System for Attendance available	YES ,Fingerprint System Avaliable

Back

- **Student Registration:**

Student ID: 101

Student Name: Dipti

Mobile No: 9011206768

Room No: 2

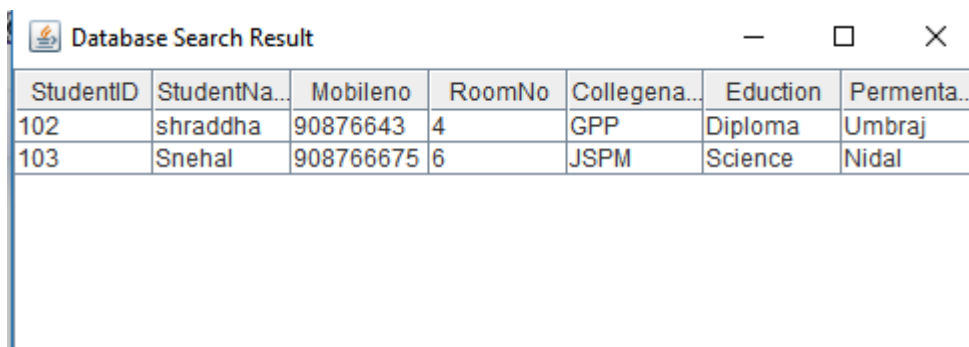

College Name: GPK

Education: Diploma

Perment Address: Karad

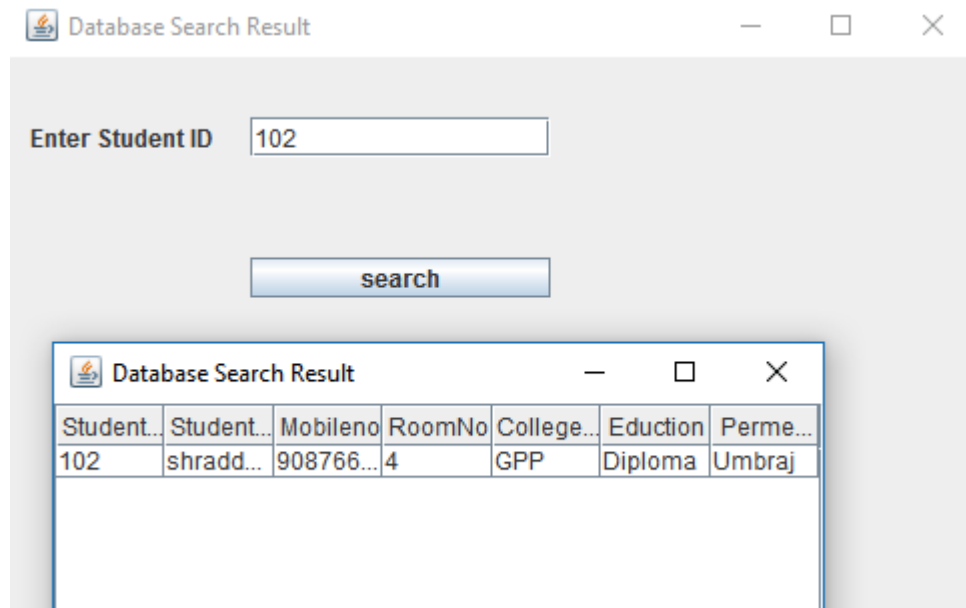

Submit Delete Update Back

- **Searching all Student records:**

StudentID	StudentNa...	Mobileno	RoomNo	Collegena...	Eduction	Permenta...
102	shraddha	90876643	4	GPP	Diploma	Umbraj
103	Snehal	908766675	6	JSPM	Science	Nidal

- **Searching specific Student Records:**

8.0 Skill Developed/Learning outcomes of this Micro-Project:-

We studied how to design Hostel management system using advance java programming. We learned how to design system using various swing components of java. We also learned the how to validates the various components and makes system more effective.

9.0 Application of Micro-Project:-

- 1] To present or learn the Hostel Management system.
- 2] To understand the basic concepts of Hostel Management system.
